Result oriented Operation Manager and Computer Science Engineering graduate with a unique blend of technical expertise and business operations experience. Proven track record in data management, process optimization, and leveraging AI/ML tools to drive operational efficiency.

Professional Experience

○ BUSINESS OPERATIONS & ACCOUNTING ASSOCIATE IN V.V TRADERS *JUN 2025 - TILL NOW*

- **Process Optimization:** Analyzed daily operational workflows to identify bottlenecks, engineered a structured inventory tracking that improved record accuracy by 33% .
- **Data Analysis & Transparency:** Systematically recorded and monitored market auction rates and pricing fluctuations, utilizing data-driven reporting to ensure 100% transparency for buyers and sellers.
- **Requirements Elicitation:** Acted as a bridge between vendors and management to streamlining procurement and logistics coordination.
- **Financial Analysis:** Directed end-to-end billing and accounting cycles, performing regular audits to maintain 100% financial data integrity.
- **Stakeholder Management:** Orchestrated communication between 50+ suppliers and customers, resolving complex service issues and supporting a 10% measurable increase in customer retention.

Projects

○ Hospital Navigation System (Vazhikatti (SaaS))

- Identified a gap in hospital visitor experiences and developed an indoor navigation solution using QR-code scanning and sensor-based tracking.
- Managed the end-to-end SDLC, from initial wireframing to database integration using Supabase.
- It has an refined navigation interface, ensures a seamless, "app-less" experience that reduced front-desk navigational inquiries.

○ Food Connect

Conducted a feasibility study and gathered requirements to build an inclusive web-cafeteria platform for users with (VHN-VM).

- Through this platform people can order through their hand & eye gestures and also through voice commands.
- It ensure high accessibility standards across six disability categories.

○ DEDICATED VIRTUAL ASSISTANT

A dedicated virtual assistant with enhanced features for improved efficiency and user experience.

- Emotion detector
- Gesture controlled volume controller
- Reaction area to express emotions
- Both chat and voice enabled conversation

○ AI ENABELED CAR PARKING USING OPENCV

- An AI system that automatically assigns parking spaces to incoming vehicles and keeps track of occupied and available spots.

Achievements and Certificates

- ✓ Effectively managed and guided two teams as a team leader and successfully delivered two projects during my academics. Also showcased our projects in the project expo.

✓ CERTIFICATES FROM MICROSOFTLEARN

- Fundamentals Of Computer Vision
- Power Automate For Desktop
- Introduction To Mixed Reality

✓ CERTIFICATE FROM UI PATH

- Introduction to Power Automate

✓ CERTIFICATES FROM INFOSYS SPRINGBOARD

- Introduction to Data Science and Python for Data Science
- Introduction to Artificial Intelligence and Types of Artificial Intelligence
- Machine Learning Using Python
- Object Detection and Recognition Using Deep Learning in OpenCV
- Introduction to Cyber Security
- Data Visualization Using Python

✓ CERTIFICATES FROM SIMPLILEARN

- Introduction To Bigdata
- Introduction To Generative AI Studio

✓ CERTIFICATE FROM GREAT LEARNING

- Introduction to Deep Learning

Programming Language

- PYTHON
- JAVA
- SQL

- HTML
- CSS
- JS

Technical Skills

- GUI Designing with Python
- Data Science with Python
- Flask Framework of Python
- Computer Vision with Python
- Machine Learning Algorithms with Python
- Web Development Using HTML, CSS, and JavaScript
- Generative AI Studio (Vertex AI)
- Microsoft Power Automate

Strengths

- Good At Communication
- Strong At Troubleshooting
- Continuous Learner
- Empathy And Patience
- Enthusiastic Learner
- Adaptability
- Teamwork
- Leadership
- Skilled at explaining complex technical topics in a simple and understandable way, making it easier to grasp concepts quickly.
- Strong presentation and communication skills, with the ability to engage both technical and non-technical audiences effectively

Education

- 2020-2024**
BE-CSE CGPA-81%
Einstein College of Engineering, Tirunelveli, India
- 2020**
HSC-69%
Sri Ram Matric Hr. Sec. School, Vallam, India
- 2018**
SSLC-84%
Sri Ram Matric Hr. Sec. School, Vallam, India

Personal Details

Full Name: Abinеш Sermakani

Gender: Male

Date of Birth: 16/10/2002

Nationality: Indian

Languages Known: English and Tamil

Marital Status: Single

Permanent Address: 3/355-1, Main Road, Vallam,
Tenkasi (Dist), Tamil Nadu, India.
